

Jui-Pin CHEN
Application No. 10/765,389
Amdt. dated May 16, 2005
Reply to Office action of February 16, 2005

This listing of claims will replace all prior versions, and listings, of claims in the application:

Listing of Claims:

Claim 1 (currently amended): A disk brake for a bicycle comprising:
a body;
a lever pivotally mounted on the body; and
a driving device mounted in the body and comprising a driving member rotatably mounted in the body and connected to and actuated by the lever;
a driven member reciprocally received in the body and connected to and actuated by the driving member;
two brake pads mounted in the body and one of the brake pads connected to the driven member
a ball bearing with multiple balls mounted in the body and around the driving member;
two washers mounted around the driving member and placing the ball bearing between the washers, and each washer having a contact side facing to each other and an annular groove with a concave bottom defined in the contact side to completely contacting with the balls to receive the balls of the ball bearing in cooperation with the groove in the other washer.

Claim 2 (currently amended): The disk brake as claimed in claim 1 further comprising an annular ball holder for the balls of the ball bearing being rotatably mounted on the ball holder.
